This is not the only American matrimonial alliance of the Faucigny-Lucinge family. Thus Aymon's cousin, Prince Guy de Faucigny-Lucinge, is married to Natica Terry, daughter of the late Antonio Terry, of New York, by his first marriage. His second wife, it may be remembered, was Sybil Sanderson. In spite of the very large fortune brought by Natica Terry to her husband, Guy de Faucigny-Lucinge is in a condition of almost perpetual litiga-Foster a New York merchant. a condition of almost perpetual litiga-tion with his army of creditors. In fact, he is almost as extravagant as Boni de Castellane, one of whose brothers, Stanislas de Castellane, is married to another of the Terry heir-

The head of the Faucigny-Lucinge family is Prince Ferdinand, who was formerly married to the daughter of the Parisian banker, Raphael Cahen the Parisian banker, Raphael Cahen d'Anvers, and since her death has be-come the husband of a daughter of the toessa-Parisian corn broker and tpec-ulator, Michael Ephrussi, a grand-daughter, therefore, of the late Baron Alphonse Rothschild, of Paris. Neither of his marriages have been particularly happy, mainly owing to financial squab-bles, the prince taking the high and bles, the prince taking the high and lofty ground that it is perfectly pre-posterous to dream that he would ever have consented to contract a mesal-liance by wedding a daughter of a mere plebeian banker or corn broker if he had not received beforehand assur-ances from them that they would pay his bills. He actually enunciated these opinions in open court, during the law-suits which are continually being brought against him by his creditors. Let me add that Prince Guy de Faucigny-Lucinge, and his American wife, Natica Terry, are frequent visitors to the United States, much of the princess's property being situated in New York, where it is cared for by Francis Egerton Webb and Henry L.

Sir Robert Buchanan-Jardine, who him, as corespondent in the suit brought by Captain Eustace Scott Wil-liams against his wife, in the London Divorce Court, must not be confounded with that with that other Jardine baronet, of Applegirth, in Dumfriesshire, who, very proud of his ancient lineage, disclaims all relationship with Sir Robert's fam-ily. Sir William's title dates back to the reign of King Charles II., and Jarthe reign of King Charles II., and Jardine Hall, at Applegirth, which passed out of his possession not long ago, through sale, after having been in the possession of his family for centuries, is still haunted to this day by the ghost of a miller, of the name of Porteus, who, having been locked up for some trifling offense in the dungeon of the adjacent Spedling tower, was forgotten and allowed to perish there of hunger, his body being found with one hand completely gnawed off.

With the view of exorcising the ghost, a Bible was procured, an old black letter edition, printed in 1634, and with it the chaplain went through the form of exorcism. The baronetcy of Sir Robert Jardine, the corespondent in the Williams divorce case, is of altogether modern origin, dating from 1885. Sir Robert, who is a married man, a member of the Jockey Club, and a particularly prominent figure on the turf, is the son and heir of old Sir Robert Jardine, of the great mercantile house of Jardine, Matheway & County to the property of the product of the state of Matheson & Co., which for many de-cades was the greatest importer of Indian opium into China. New York, July 6.—Grief at the death to-day of his wife of less than a year caused Thomas Watson, of Rockaway Beach, to commit suicide after trying to strangle his two weeks' old baby. Mr. and Mrs. Watson came from England about nine months ago, and since the birth of her baby Mr. Watson had been critically ill. A short time after she died to-day Mr. Watson went to the home of a friend who had been caring for the child. Taking the baby in his arms and a bottle of milk in his pocket the father went to a clump of trees near the beach, where the baby was fed. He then knotted a handkerchief tightly about, the child's neck and shot himself. The haby was unconscious when found, but was saved by quick action. The father died in a few minutes.
